PRODUCT LEAFLET

Extension piece 950 mm

063.0295 Stand extension piece 950 mm for fully divisible stand

This stand extension piece of 95 cm (063.0295) is available to lengthen the fully divisible stands to 285 cm. Ideal to heighten your display above public, or when using it for a 3x3 VideoWall configuration. By connecting the stands with our stabilizing bars (063.0900) the set will offer a strong and easy to build up VideoWall construction. A stand head with four point coupling mounting system (063.1025) is especially developed for our fully divisible stands which are used in a VideoWall configuration. A bracket with three point coupling (063.03xx) can be added, which by adding the additional coupling bolt can be used as four point coupling mounting system. A tilt function of +1° till -4° is integrated which helps to level the displays on the stand.
